Broadband Committee/Task Force

Minot Town Office

Tuesday May 12, 2020, 4:30 pm

Agenda*

Attendees: Colleen Quint, Danielle Loring, Lisa Cesare, Rory McGuire, Brittany Hemond, Matt Swett, Dena Jackson

Meeting Minutes:

Danielle updates on GWI:

We supplied them a letter of support and they are moving forward with applying for a grant on our behalf for a build out of Minot. Danielle reviewed the google map site. If approved and moved forward service would be built out after Hebron and expected to be at least 18 months.

Group also agreed to set up a meeting with Colleen, Brian and Danielle with Spectrum to try and negotiate other areas of town we would like to see expanded.

Danielle will bring to the selectman to approve the use of some funds to bring in Brian for negotiations.

Matt updated that group that Spectrum has increased some service on Millett and has dropped some of their prices to individual houses on that road and Jeffrey.

There is a referendum on the July 14th ballot, and we want to get the word out to our community to help them understand what it is, what passing it could mean to our community. Will set up an early June meeting for discussion.

We quickly reviewed the information Kerry Bonney provided and agreed with his assessment on that grant.

Next meeting: Monday June 8, 2020 6:30pm
