Broadband Committee/Task Force

Minot Town Office

Tuesday October 20, 2020, 6:30 pm

Attendees: Colleen Quint, Danielle Loring, Lisa Cesare, Brian Lippold, Kerry Bonney, Rory McGuire, Britany Hemond

Meeting Minutes:

Brian updates: None. Consolidated will continue to look at opportunities but not optimistic we will hear anything in the next few weeks and Brian does not have a feel for what their build out plan will look like. We would like Brian to work with First Light to be allowed to pay our share in 2 years versus one to lesson the budget burden in one year.

Budget meeting on Tuesday and warrant;

Reviewed the 2 options, we like option 2 but add verbiage to the end of the non-acceptance clause to move the money to a surplus fund or reserve account.

Tuesday meeting. Kerry and Colleen will present. They will go over the background, what we have done, where we are at and what we need and that this is likely not the last time we will be looking for funding for a build out.

Reviewed the letter and as soon as the selectman and budget committee review next week, we will post it to the website, make available at the office and pass out on election day.

Danielle to see if we can blow up the roads that First Light would expand so we can show that to townspeople.

Next meeting. To be determined.

October 28, 10:00 to noon for Connect Me meeting
